

Dear Dr. Powers + Staff,

Thank you so much for all of your patience and gentle care during my pre and post procedure process. You know how much anxiety I had going into the surgery, yet you never made me feel foolish with all of my questions and concerns. I couldn't have been in more caring hands. Please accept this small token of gratitude with the heartfelt appreciation with which it is given. May you and your staff enjoy a coffee on me!

Gratefully,
Janet
